

BOOKING APPOINTMENTS AND OUR COVID-19 MEASURES

UPDATED 5th JAN 2021

Booking an appointment

To make an appointment, please call us on 01626 835447 or e-mail:
enq@boveytraceychiropractic.co.uk

Safeguarding patients and practitioners

We have conducted a thorough COVID-19 specific risk assessment and have implemented the following clinic procedures:

- All patients will be required to sign an updated consent form.
- All patients to be screened to ensure they do not have COVID-19 symptoms.
- To reduce unnecessary time spent in the clinic, if possible paperwork will be e-mailed to patients to be completed at home prior to appointments.
- Practitioner will be wearing single use PPE (Gloves, aprons and masks) for each appointment.
- Each appointment will be extended to allow patients to social distance from each other and to enable cleaning of the clinic (including chiropractic equipment and all touched surfaces) using hospital grade disinfectant. The Clinic is also deep cleaned throughout the week.

What can you do to help us

We need some help from you to make the clinic the safest it can be during this time. Please help us to help you by doing the following:

- Please be on time for your appointment. If you are early, please wait in your car or outside the clinic until your appointment time to limit the number of people in the clinic at one time. There is one waiting room chair.
- On entering and exiting the clinic, please use the hand sanitiser provided.
- Please do not bring anyone to your appointment unless you need help getting into the clinic. If you are under the age of 18 please bring one parent/guardian with you.
- Wearing loose clothing to reduces the need for clinical gowns

- Please use the toilet at home before attending your appointment. The toilet will only be open to patients for emergency during this time.
- Please wear a face covering or mask unless you have a medical exemption.

If you have any questions regarding any of this please call and ask to speak to the chiropractor. Although we are hope that many of these measures are temporary, they have been the “new” normal for 7 months now and contribute to the safe and efficient running of the clinic. We really appreciate your contribution in making this clinic as COVID secure as it can be so that we can concentrate on providing you with the highest quality chiropractic care!

Thank you,

Joseph & Rosanna Arkle
